FOR TRAINING PURPOSES ONLY – DO NOT REFLECT THE ENTIRE POSSIBILITIES OF QUESTIONS

- General elements collected from voluntary Facebook posts of last-year (2020-2021) round of interview.
- Questions are copied in each track whenever the candidates had two applications profiles
Example EIS and IRD
- No edition made – some elements may be incorrect, inexact or false.

[General advice - collected]

- My advice for you would be to check the courses of each program you applied for and prepare some arguments, even if it was by default.
- Check if your computer/ laptop runs Zoom/Webex smoothly and expect some delays.
- Look over your application and letter of motivation to highlight the elements you spoke about (agriculture, security, ENP, diplomacy, etc.) and read up on that!
do not try to know everything and learn it all a few hours before your interview.
- Focus on your profile, your professional goals and interests, and dig as deep as you can on those specific subjects.
- Stay tuned on the news and review the basic functioning of the institutions if need be.
- Most of all, be as honest and natural as you can;
- Sensations and reactions are perceptible even via videoconference.

2020-2021 CANDIDATES QUESTIONS
